## Managing Cryptogenic Stroke and Diagnosing Atrial Fibrillation

Guest Speaker: Royya Modir, MD

Royya Modir, MD, is a board-certified neurologist specializing in vascular neurology and the treatment of stroke. Her focus is on treatment strategies for stroke prevention and using thrombolytics for the treatment of acute stroke.

As an assistant professor of neurosciences, Dr. Modir's research is focused on cerebrovascular disease, cardioembolic stroke and the hyperacute management of stroke. She also provides teaching and training for medical students, residents and fellows in the treatment and management of cerebrovascular disease.

Dr. Modir has coauthored numerous articles and her work has been published in *Frontiers in Neurology* and *Journal of Stroke and Cerebrovascular Diseases*, among others.
